SANCTUARY OF SENSES

ARANYA
BY RANG HOMES

ABOUT DEVELOPER

INDOTECH INFRACON PRIVATE LIMITED is a trusted name in the construction and development of group housing projects across Guwahati and Delhi NCR. Over the years, the company has grown steadily by delivering projects that combine thoughtful design, solid engineering and a strong commitment to timely execution.

Built on a foundation of integrity and craftsmanship, INDO GROUP has successfully completed landmark residential developments including Rang Homes Phase I, Rang Homes Phase II, Guwahati and Rang Homes Punjabi Bagh in New Delhi. Each project reflects our belief that quality must be consistent, details must be deliberate and every home must stand as a long-term asset for its residents.

We continue to write our success story by creating high-class housing projects that are planned with care and delivered with precision. From layout to lifestyle amenities, every aspect is meticulously considered to ensure comfort, convenience and long-term value.

With every development, we strengthen our commitment to building communities that people are proud to call home — communities defined by modern living, reliable infrastructure and spaces that enhance everyday life.

DELIVERED PROJECTS

RANG HOMES PHASE 1
Dharapur, Guwahati

RANG HOMES PHASE 2
Dharapur, Guwahati

RANG HOMES PUNJABI BAGH
Ultra luxurious Residences
New Delhi

At Rang Homes, we believe a truly good home is one that brings peace, balance and a lasting sense of belonging. Our journey of successfully delivering over 600 homes in Dharapur has shaped the vision for this new project: to build thoughtfully designed residences grounded in honesty, care and a genuine understanding of how families aspire to live today.

Nestled within serene green surroundings, this development is designed with wellness at its heart. Abundant natural light, fresh air and open spaces come together to create homes that feel calm yet purposeful. Every detail has been carefully considered to offer lasting quality and a quiet sense of luxury - a place where you can slow down, breathe easy, and feel at home every day.

Beyond design and planning, our commitment lies in building with responsibility and integrity. From the choice of materials to construction practices and long-term maintenance, we focus on creating homes that stand the test of time. This project reflects our promise to deliver spaces that families can trust, cherish and proudly call “HOME” for generations.

Disclaimer: The floor plans shown are indicative and illustrative only and are intended to provide a general understanding of the proposed layout. They are not to scale and do not represent actual dimensions or measurements. The final layout, configuration, and specifications shall be as per the sanctioned plans approved by the competent authorities and the Agreement for Sale executed in accordance with the Real Estate (Regulation and Development) Act, 2016. The Developer reserves the right to make changes as required under applicable law. SBUA: Super Area shall mean the area after loading of other constructed areas, including the exclusive balcony areas and constructed common areas, over the carpet area of a unit/apartment, which is duly mentioned in the layout plan of the unit/apartment. Built up Area: Built up area as per CREDAI definition, shall mean the total polyline (P.Line) area measured on the outer line of the unit including balconies and/or terrace with or without roof. The outer walls which are shared with another unit shall be computed at 50%. Remaining outer walls are computed at 100%. Carpet Area: Carpet Area is the net usable floor area of an apartment, excluding the area covered by the external walls, areas under services shafts, exclusive balcony or verandah area and exclusive open terrace area, but includes the area covered by the internal partition walls of the apartment. Balcony availability for Ground Floor Units may vary; please refer to the respective unit layout.

Artist's Impression

SPECIFICATIONS

STRUCTURE

RCC frame with earthquake resistant structure conforming to all seismic design code

HARDWARE

MainDoor - Smart Lock, Touch / Digital Lock

Internal Doors - Mortise Lock Comboset with Handle, Cylinder with Knob inside and keys Outside

FLOORING

Jumbo size vitrified tiles in living ,dining and common area. Bedrooms with vitrified tiles

Staircase and lobbies to have Kota / stone / marble/ tiles as specified by architect

WINDOWS

Aluminium powder coated / UPVC extruded profiles

DOORS & CHOWKHATS

Door frame - Wood / WPC . Door shutter - both side laminated finish flush door

- Main Door - 2400mm Height
- Bedroom Doors - 2100mm Height
- Toilet Doors - 2100mm Height

WATER

Adequate water storage with deep tube well and Underground & overhead reservoirs with central iron removal plant. 24hrs water supply

LIFTS

- Tower-A, 5 Nos Lifts, 2 stretcher size and 3 Nos standard size (20 Passengers)
- Tower B, 2 Nos Lifts, 1 stretcher size and 1 Nos standard size (20 Passengers)
- Automatic lifts in each block of Kone / Schindler / Tyssenkrup / OTIS or Equivalent brand

FIRE SAFETY

Equipped with Fire Alarm/Fighting Devices/Extinguishers. Fire fighting system as per specifications provided by the fire department

FAÇADE/ EXTERIOR WALL

Façade Design -ACP Fins/Aluminum/WPC/MS or equivalent

Exterior Wall - Weather proof texture paint to withstand all weather conditions

SECURITY

A fully secured complex. Entry to be monitored with APP Based Visitor Management System,

Guard patrolling

Daily Help Management

Parking Management

Emergency alerts etc. CCTV monitoring to provide perpetual surveillance of the Common areas

PLUMBING

Concealed high-quality plumbing lines with UPVC/CPVC or equivalent pipe and related fittings

BATHROOMS

- Toilets - Anti skid tiles on floor & tiles upto door height on the wall. Grid Ceiling above Wall Tile.
- Sanitary and CP Fitting - Hindware/Parryware/Jaquar or Equivalent make with Jaquar or Equivalent CP Fittings

BALCONIES

Cantilevered Balconies having vitrified/ceramic tiles. M.S. railing with Enamel Paint Finish

KITCHEN

Vitrified tile flooring, Tiles upto 5 feet from floor

INTERIOR WALL FINISH

- All walls AAC Block with cement plastering on both sides
- Toilet Wall Red Brick Work with cement plastering and wall Tile
- All Internal walls - Finished with Emulsion Paint/OBD

ELECTRICAL FACILITIES

- Switches & Sockets - Modular switch boards. Cables/Wires – Concealed electrical wiring with fire resistance wires.
- L&T, Kent, Schneider,KEI,Polycab or equivalent
- Light & Fan - Provision for adequate light and fan points. Power points - Provision for geyser point and exhaust point in all bathrooms
- Chimney & exhaust - Provision for chimney and exhaust fans in kitchen
- Others - Provision for washing machine and dryer in utility balcony
- Power backup in all apartments

COMMON AREA MAINTENANCE SERVICES

Welcome to a home that takes care of you,
and itself

Maintenance and Operations

- Annual maintenance contracts for lifts, fire safety, common area air conditioners, etc.
- Maintenance of landscaped areas, compound walls, electrification, sewerage, roads, paths and other services within the facility boundary
- Maintenance, housekeeping, cleaning, painting and necessary replacements in common areas, including basements
- Operation staff, administrative staff and maintenance staff related to the facility
- All consumables and tools for services in common areas

Utilities and Services

- Water for all purposes
- Electricity for Club including air-conditioning and for all services in parking, common and external areas
- Power backup maintenance (diesel, lubricants, gas, etc.) for generators

Waste Management and Sustainability

- Waste management and sustainable practices

Infrastructure and Upgrades

- Maintenance and upkeep of infrastructure including lifts, building façade, garden area, corridors and building lobby
- Augmentation, upgrade and replacements of security, fire & electromechanical system
- Replacement/refurbishing of parts for maintenance services in common areas

Financial and Administrative

- Annual fees for various authorities
- Consultancy for renewal of statutory licenses
- Insurance for the facility
- Depreciation/sinking fund/lease rent for electromechanical equipment (eg, generators, lifts, CSS etc)

Horticulture and Beautification

- Horticulture and beautification of common areas, including facility surfaces

Overall Security Management of the Common Areas

- Gate management
- Basements management
- Visitor management
- Tower security
- Patrolling

Fire and Infra Safety-Related Protocols of the Estate

- Peripheral safety (fencing and CCTV)
- Fire equipment and drill
- Elevator safety

Plant and Machinery, Civil and IT MEP Maintenance

- All plant and machinery
- STP
- Fire pumps
- Water treatment
- Electrical panels
- DG
